

STAS minirail

sleek and strong

STAS minirail is characterised by its extremely slim, narrow design and innovative mounting method.

The rail itself is just 16 mm in height, yet it can carry up to 25 kg per linear metre. Thanks to an innovative screw, the STAS clipscrew, the rail can easily be fixed to the wall.

STAS minirail is perfect for creating an elegant, unobtrusive hanging system for light to mediumweight objects.

- dimensions 9 x 16 mm
- length 150, 200 or 300 cm
- aluminium
- white, alu or black
- wall mountable, not adjoining to ceiling
- weight capacity 25 kg/m
- 5 years warranty

STAS hooks and cords

After selecting a rail, choose a cord to hook anywhere into the rail and a hook to slide over the cord to the desired height.

The cords and hooks on this page can be combined with all STAS rail types, with the exception of the STAS wooden rails, STAS j-rail (max), STAS evoluon and STAS plaster rail.

Important note regarding warranty and liability

Products of STAS must be installed and used only in strict accordance with the latest version of the STAS picture hanging systems installation guide, available for download at www.stasgroup.com. It is the responsibility of the installer to select the correct fasteners for the particular installation. Improper installation, misuse, misapplication or otherwise failing to completely follow seller's instructions and warnings may cause product malfunction, property damage or personal injury.

STAS products TÜV certified

STAS strives day after day for products of the highest quality. To guarantee the quality and independence of products, STAS has commissioned TÜV Netherlands for the testing of its products. TÜV Netherlands is an independent and recognized body that assesses the quality of products according to a set standard and has extensive experience in the field of product safety and product inspections. Under the direction of TÜV, a large part of our range of products has been tested for quality and correctness of the specified features. All products where the TÜV logo is shown, have actually been tested by TÜV Netherlands and approved for the capacity that is stated in the features of that product.
